## SAFETY DATA SHEET

according to Regulation (EC) No. 1907/2006

Revision Date: 13. June.2018

Section 1. Identification of the substance/mixture and of the company/undertaking         Product identifiers         Product name: "MagQu" Phosphorylated Tau Protein [pT181] IMR Reagent         Catalog-No.: MF-PT1-0060         Brand: MagQu         REACH No. This product is a mixture. REACH Registration Number see section 3.         CAS-No. This product is a mixture. CAS Number see section 3.         Relevant identified uses of the substance or mixture and uses advised against         Identified uses: Laboratory chemicals, Manufacture of substances, Research use.         Uses Advised Against: None.         Details of the supplier of the safety data sheet         Company: MagQu Co., Ltd.         Address: 3F, No.7 and 12, Ln. 538, Zhongzheng Rd., Xindian Dist., New Taipei City 231, Taiwan, R.O.C.         Tel: +886-2-8667-1897         Fax: +886-2-8667-1809         E-mail: info@magqu.com         Website: www.magqu.com         Website: www.magqu.com

For Research Use Only. Not for use in diagnostic procedures.
Section 2. Hazards Identification
Classification of the substance or mixture
Classification according to Regulation (EC) No 1272/2008
The product is not classified according to the CLP regulation.
Label elements
Labelling according to Regulation (EC) No 1272/2008: Void
Hazard pictograms: Void
Signal word: Void
Hazard statements: Void
Classification system:
NFPA ratings (scale 0 - 4)
Health = 0
Flammability = 0
Reactivity $= 0$
HMIS-ratings (scale 0 - 4)
Health = 0
Flammability = 0
Reactivity $= 0$
OSHA Hazard Overview (Criteria according to 29CFR1910.1200): Not applicable.
Target Organ(s): Not applicable or unknown.
Other hazards: This mixture has not been tested to determine the overall health hazard; therefore in accordance with 29CFR1910.120
data reported above pertains to the hazardous ingredients of this mixture.
Section 3. Composition/Information on Ingredients
Chemical characterization: Mixtures
<b>Description:</b> The product contains no substances which at their given concentration, are considered to be hazardous to health
recommend handling all chemicals with caution.
CAS number/other identifiers: Not applicable.
Dangerous components: Void.
Section 4. First Aid Measures
General information: No special measures required.
<b>Inhalation:</b> Remove from exposure to fresh air immediately; consult doctor in case of complaints.
Skin: Wash off with soap and plenty of water.
Eyes: Flush with large amounts of water for at least 15 minutes. Wash contaminated clothes before reuse. Consult a physician if irrit
persists.
Swallowing: Flush mouth with water. Get medical attention.
Most important symptoms and effects, both acute and delayed: None
Indication of any immediate medical attention and special treatment needed
Indication of any immediate medical attention and special treatment needed No further relevant information available.

# SAFETY DATA SHEET

**Section 5. Firefighting Measures Extinguishing Media:** Suitable extinguishing agents: Foam, CO2, Water, Dry Chemical Special hazards arising from the substance or mixture: Nature of decomposition products not known. Advice for firefighters: Wear self-contained breathing apparatus for fire fighting if necessary. Further information: No data available. Section 6. Accidental Release Measures Personal precautions, protective equipment and emergency procedures: Ensure adequate ventilation. Always wear recommended Personal Protective Equipment. Use personal protection equipment. See Section 8 for more detail. Environmental precautions: No special environmental precautions required. Methods and material for containment and cleaning up: Soak up with inert absorbent material. **Reference to other sections** See section 8 for more information. Section 7. Handling and Storage Precautions for safe handling: Use personal protective equipment as required. Information about protection against explosions and fires: The product is not flammable. Conditions for safe storage, including any incompatibilities Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Not required. Further information about storage conditions: None. Specific end uses: No further relevant information available. Section 8. Exposure Control/Personal Protection **Control parameters** Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Derived no effect level: No information available. Predicted no effect concentration: No information available. **Exposure controls Engineering measures** Ensure adequate ventilation, especially in confined areas. Personal protective equipment: General protective and hygienic measures: The usual precautionary measures for handling chemicals should be followed. Eye/face protection: Goggles recommended during refilling. Skin and Body Protection: Wear suitable protective clothing. Hygiene measures: Handle in accordance with good industrial hygiene and safety practice. Environmental exposure controls: No special environmental precautions required. Section 9. Physical and Chemical Properties Information on basic physical and chemical properties **Appearance:** Form: Liquid Color: Brown to dark brown Odor: No information available. Odour threshold: No information available. pH-value at 20°C (68 °F): 6.0 - 8.0 Melting point/freezing point: 0 °C (32 °F) Initial boiling point and boiling rage: 100 °C (212 °F) **Flash point:**  $^{\circ}C(^{\circ}F)$  Mixture has not been tested. Evaporation rate: No information available. Flammability (solid, gas): Not applicable. Upper/lower flammability or explosive limits: No information available. Density at 20 °C (68 °F): 0.998 g/cm<sup>3</sup>(8.328 lbs/gal) Vapour pressure: No information available. Relative density: No information available. Vapour density: No information available. Relative density: No information available. Water solubility: Partly miscible at 20 °C.

SAFETY DATA SHEET
Partition coefficient (n-octanol/Water): No information available.
Autoignition temperature: No information available.
Viscosity:
Dynamic at $20^{\circ}C(68 \text{ °F})$ : 1.0020 cP.
Kinematic at $20^{\circ}$ C (68 °F): 1 cSt.
Solvent content:
Organic solvents: 0 %
Water: 98 %
Solids content: 2 %
<b>Explosive properties:</b> Product does not present an explosion hazard.
Oxidizing properties: No information available.
Other safety information
No further relevant information available.
Section 10. Stability and Reactivity
Reactivity: No information available.
Chemical stability: Stable under normal conditions.
Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
Possibility of hazardous reactions: No dangerous reactions known.
Conditions to avoid: No further relevant information available.
<b>Incompatible materials:</b> No further relevant information available.
Hazardous decomposition products: No dangerous decomposition products known.
Section 11. Toxicological Information
Information on toxicological effects
There is no evidence available indicating acute toxicity.
Principal Routes of Exposure
Acute toxicity:
LD/LC50 values that are relevant for classification: Conclusive but not sufficient for classification.
Skin corrosion/irritation: Conclusive but not sufficient for classification.
Serious eye damage/eye irritation: Conclusive but not sufficient for classification.
Inhalation: No sensitizing effects known.
Ingestion: There is no data available for this product.
Chronic toxicity
Corrosivity: Conclusive but not sufficient for classification.
Sensitization: Conclusive but not sufficient for classification.
Neurological effects: No information available.
Reproductive toxicity: Conclusive but not sufficient for classification.
Mutagenic effects: Conclusive but not sufficient for classification
Target Organ Effects: No information available.
Section 12. Ecological information

Toxicity:

Ecotoxicity effects: As supplied, the preparation is not expected to present significant adverse environmental effects.

Persistence and degradability: Not available.

Bioaccumulative potential: Not known.

Mobility in soil: No further relevant information available.

Remark: Not available.

General notes: Generally not hazardous for water.

Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

Other adverse effects: No further relevant information available.

## Section 13. Disposal considerations

## Waste treatment methods

#### Product

Offer surplus and non-recyclable solutions to a licensed disposal company.

Contaminated packaging

Dispose of as unused product.

# SAFETY DATA SHEET

## Section 14. Transport information

#### WHMIS Hazard Class

#### Non-controlled

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

## Section 16. Other information

The product is for research use only. Not for use in diagnostic procedures.

The above information was acquired by diligent search and/or investigation and the recommendations are based on prudent application of professional judgment. The information shall not be taken as being all inclusive and is to be used only as a guide. All materials and mixtures may present unknown hazards and should be used with caution. Since the Company cannot control the actual methods, volumes, or conditions of use, the Company shall not be held liable for any damages or losses resulting from the handling or from contact with the product as described herein.
